We believe the present city council is the most extravagant in the history of the city and has done the city less good. We are not alone in this belief.

This city does not really have a new sewage system. Its nature, drainage, sewer, and with proper ventilation, the fact of the officials the city can be kept healthy and free from disease.

From the last issue of our own sewer, we do not believe the people would go to the expense of connecting with them. Sewers are expensive and sewerage cannot be easily spent in making them. The one recently ordered will cost \$600 or \$700, it is estimated. This is our opinion of the sewerage question, and we would be pleased to hear from others.

A clear head is indicative of good health and regular habits. When the body feels heavy and languid, and the mind works sluggishly, Ayer's Cathartic Pills will wonderfully assist to a recovery of physical buoyancy and mental vigor. The constipated should use them.

Omaha "Daily Republican," December 13: There was a very charming, though quiet, wedding on Ninth street, last evening, the happy pair who were to be united being Mr. George Goldenback, a well known employee of the Union Pacific, and Miss Adeline Wallbridge, an accomplished and popular young lady who is well known in this city. Only about thirty guests were present, including the most intimate friends of the parties. The ceremony was performed by Rev. W. J. Harsha, and was followed by congratulations, a delicious supper, good music, etc. The bride and groom have the best wishes of all for their future happiness, and the "Republican" joins in that wish.

Furniture for the Million. Mohrs & Son, furniture dealers, south side of square, have lately received some of the latest and most elegant furniture brought to Chillicothe. They have a mammoth stock on hand at this time—the largest they have ever had. Lovely parlor sets, chamber sets, dressers, dressing cases, and bureaus. Ladies are especially invited to call and look at their goods. They keep everything from a picture frame up and sell as low as the lowest, quality considered.

On and after January 1st, 1884, I shall adopt the Ready Pay System of either Cash or Country Produce, and all persons knowing themselves indebted to me by either note or book account, will call and settle before that time, for I need my money. All accounts, however, by that time will be left for collection.

Wm. SUMMERVILLE.

It is certain that the longer a speech, the weaker it is, but not so with a cold, the longer it runs, the worse it becomes. A cold, be it ever so slight, is no trifle, it should be checked in its earliest stages. Dr. Bull's Cough Syrup is the "Balm of Gilead" that millions say is divine in its origin.

Death of George Donovan. George Donovan, son of Judge Donovan, of Medicine, Mo., died, at Kirksville, on last Monday, Dec. 17th, 1883, of pneumonia, aged 22 years. On Wednesday of last week his father was called there by telegram to attend his bedside. On arriving there his father found him somewhat better, and so wrote to Mrs. Donovan, but poor George afterwards took worse and on Monday, at the threshold of manhood, gave up his life. Truly hath the poet said:

"Leaves have their time to fall, Flowers to wither at the north wind's breath, And stars to set, but all that Time and Fate ordain must come, On death's great ocean, there, 'Oh Death!'"

George was at Kirksville attending State Normal School and had lived another week would have come home to spend the holidays. He was a bright young man, native, possessed great energy, and all saw that he had a promising future. He was kind to all, and loved by all. His father, mother, brothers and sisters have our heartfelt sympathy in their great sorrow.

On Tuesday night, Donovan brought the remains home, J. H. Pratt, F. E. Scott, H. C. Long, J. H. Grove, S. A. Crankshaw and J. A. Pratt, George's classmates, coming along and acting as pallbearers.

Funeral services were held at the Morning Church and the remains were buried in the Wallace cemetery.

The following letter of condolence from Prof. J. P. Blanton, President of the School, to Mrs. Donovan, shows in what high esteem George was held, and that he stood at the head of his class:
